

Fred V. Fowler Company, Inc.

Electronic Outside Micrometers

No. 54-850-001

Quick, accurate and easy-to-use, Fowler's Electronic Outside Micrometers offer the speed, accuracy and ease of a modern electronic micrometer at a very reasonable price.

Special Features:

- Large, easy-to-read LCD display
- Automatic switch off
- Accuracy: .00016" 0-1"
- Direct RS232 output
- Sizes over 1"/25mm are supplied with standards.
- Insulated frames
- Electronics are protected by tough, ABS housing.
- Friction thimble
- Meets or exceeds Federal accuracy specs.
- Includes fitted case and wrench.

Order No.	Range	Resolution	Thimble
54-850-001	0-1"/25mm	.00005"/.001mm	Friction
54-850-002	1-2"/25-50mm w/standard	.00005"/.001mm	Friction
54-850-003	2-3"/50-75mm w/standard	.00005"/.001mm	Friction
54-850-004	3-4"/75-100mm w/standard	.00005"/.001mm	Friction
54-850-005	4-5"/100-125mm w/standard	.00005"/.001mm	Friction
54-850-006	5-6"/125-150mm w/standard	.00005"/.001mm	Friction
Micrometer Sets:			
54-850-103	0-3"/0-75mm Set w/standards & case	.00005"/.001mm	Friction
54-850-104	0-4"/0-100mm Set w/standards & case	.00005"/.001mm	Friction
54-850-106	0-6"/0-150mm Set w/standards & case.	.00005"/.001mm	Friction
