

# Fred V. Fowler Company, Inc.

## Spring Calipers & Dividers (Quick-Nut)

Fowler's Spring Calipers and Dividers are fully hardened with tempered joints, springs and washers.

Styles feature either a solid nut or quick nut.

### Special Features:

- Ends fully rounded on Outside/Inside Spring Calipers and Spring Hermaphrodite Calipers.
- Outside Spring Calipers meet Federal Specification Type II, Class I. Inside Spring Calipers meet Federal Specification Type I, Class I.
- Quick, positive adjustment.
- Spring Dividers meet Federal Specification Type A, Class 2 and supplied with a plastic point protector. Points fully hardened/tempered. High carbon steel legs heat treated.
- Adjustment screw centrally located; legs are well balanced with uniform tension.
- Polished natural steel finish.
