

Fred V. Fowler Company, Inc.

Long Range Dial Calipers

No. 52-008-018

Fowler's Long Range Dial Calipers—combines micro-fine graduations, the protection of a covered rack and the accuracy of a hardened stainless steel rack.

Special Features:

- Dial hand completes one revolution per each .100", large dial—easy to read graduations.
- Inverted covered rack prevents dirt accumulation in rack gear teeth. Self-contained movement eliminates gear misalignment.
- Exclusive dual pinion drive mechanism reduces wear on rack and pinion.
- Beam graduated in .100" increments.
- Thumbroll for rapid setting.
- Hardened stainless steel throughout with measuring faces precision ground and microlapped for exceptional accuracy.
- Depth rod on both models.
- Knurled lock assures precise settings.
- Accuracy = .001" per 6".
- Adjustable dial reads directly to .001".
- Scale surface is satin chrome finished to prevent glare, reduces operator fatigue; microfine graduations read in inches.
- Includes fitted wooden case.

Order No.	Range	Dial Face Color	Graduation	Jaw Depth
52-008-018	18"	Black	.001"	3.125"
52-008-024	24"	Black	.001"	3.125"

REQUIRE CERTIFICATION?

Many of our customers inquire on the cost of certifying their newly purchased precision measuring equipment as required by ISO/QS9000. See Page 3 for our handy quick reference chart of certification charges for our basic hand tools. Our certification is traceable to the National Institute of Standards Technology.
