

Fred V. Fowler Company, Inc.

Fowler Economy Electronic Calipers

No. 54-100-777 - Dust, water & oil resistant caliper

No. 54-100-000

Fowler's Economy Electronic calipers feature a patented ceramic capacitive system, they are economically priced and perfect for most caliper measuring applications. The large LCD display features error-free reading in either inch or metric mode. The Zero point can be set anywhere along the full scale for comparing measurements.

Special Features:

- Patented ceramic capacitive sensor.
- Stainless steel frame.
- Direct Inch/Metric conversion.
- Accuracy: .001"/.02mm (4" and 6" versions)
- Resolution: .0005"/.01mm
- Large easy to read LCD display.
- 4-way measurement
- Includes molded case.
