

Fred V. Fowler Company, Inc.

Caliper Accessory Kit and Centerline Gage Set

▲ Centerline gages—shown with dial caliper.

▲ Caliper accessories will fit most standard 4—8" calipers and light duty 12" calipers.

No. 52-090-010 & 016—Conical probes, designed for dial, vernier and digital calipers, measure centerline distances. Sold in pairs, these gages quickly adapt to most calipers.

- The 60° conical probe fits snugly into holes. Takes guesswork away from center distance measurements or to an edge from a hole.
- Constructed of high quality alloy steel, hardened to 50 RC; black oxide finish. Outside diameter and cone ground for accuracy.
- Each probe has four small holding nuts and is supplied with an Allen wrench.

No. 52-010-005—Add greater versatility to your dial, vernier or electronic calipers with Fowler's Caliper Accessory Kit. For difficult applications and configurations or hard-to-reach places, this handy kit measures inside, outside, step, grooves, left or right applications with just a few simple calculations.

Accessory Set includes:

- Set of clamps
- 4 sets of screws
- 1 set of ball contact points
- 1 set of flat contact points
- 1 set of point contact points
- 1 set of spline contact points
- 1 Allen wrench
- Sturdy plastic storage container.

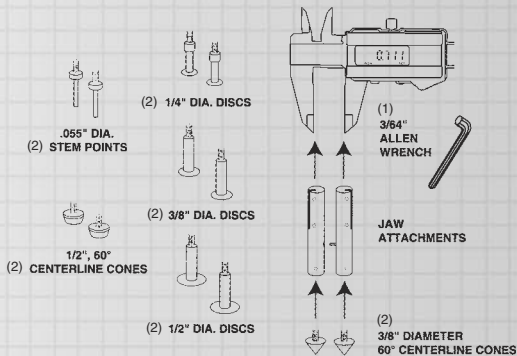

Order No.	Description	Dia.	Length	Jaw Thickness	Slot Thickness

52-090-010	Centerline Gage fits 4"—8" calipers	.375"	2.195"	.155"	.1575"
52-090-016	Centerline Gage fits 10"—12" calipers	.500"	2.75"	.188"	.185"

Centerline Accessory Sets

▲ 52-010-125

Euro-Cal III Electronic Caliper:

- Resolution: .0005"/.01mm
- Accuracy: .001"/.02mm
- True Inch/Metric conversion.
- 4-way measuring
- Direct RS-232 output

Accessory Set:

- Interchangeable centerline cones.
- 4-48 threaded holes in accessory jaws allow use of any AGD Standard Point with 4-48 threads.
- Allows measurement of hard to reach places including undercuts, grooves, webs and shoulders.
- Black oxide plated to protect against corrosion.
- Jaw attachments feature an alignment pin and set screws to insure proper fit.
- Both sets include fitted wooden caes.
